ABOUT THE LINKAGE WITH THE INDUSTRY:

Raja Rammohun Roy Mahavidyalaya has been actively associated with Anudeep Foundation to provide students with training and placement in different organization. This annual report emphasizes on the Industry Linkage activities undertaken for the academic year 2024-2025. Our Mahavidyalaya had carried out this linkage programme with the active participation of the Career counselling committee who always came up with valuable inputs for the future development of the students. This linkage of our Mahavidyalaya with the Anudeep foundation is well connected with the different organization/industries and its primary objective is to find a suitable job for our students in reputed organizations or industries.

The National Educational Policy (NEP) 2020 endorses a strong linkage with different organization and the industry with an importance on exposure of the students to real-life situations and making them job market ready in a globally competitive job situation. The NEP-2020 has also suggested that students, as a part of holistic education, must be provided the opportunities with local organization/industry as well as have the option to do the internships and research internships also under the guidance of faculty and researchers, which will further improve their employability.

The linkage with different organization/industry through the Anudeep Foundation and by means of the sincere effort of the Career Counselling Committee has created an interface between our Mahavidyalaya and the highly competitive world of employability. The overall process is equally valuable for the students/alumni. In the running academic year of 2024-2025 many of the companies are invited to our Mahavidyalaya to carry out the recruitment process for the students. The career counselling committee of our Mahavidyalaya is fully dedicated for the successful future and better placement opportunity of the willing students.
